Description

Pam Golding Properties is recognised locally and internationally as Southern Africa's leading independent real estate group and the country's most awarded real estate company.

Who we are:

In 1976, Mrs Pam Golding identified the need for a discreet and professional agency within the South African real estate market. The Group has since developed into a world-class global organisation comprised of a number of operating companies and estate agents which cover the full spectrum of the real estate market in sub-Saharan Africa and internationally. Inherent in the essence of the brand – underpinned by the company's philosophy and cornerstones of empathy, knowledge, experience and integrity – is the promise of a "sense of comfort".

What we do:

The Pam Golding Property group forms part of a **strategic alliance with one of the world's largest property groups**, Savills plc, gaining access to its prestigious network of over 600 offices worldwide. Through this partnership and other associations, including Homecoming Revolution and Southern Africa Luxury Association, our estate agents are uniquely equipped to provide prospective buyers and sellers with a comprehensive range of professional property services.
